SIERRA-CAHUENGA DISTRICT 15

September 29

Dear Mrs. Barrett:

From an article in the Green Sheet I learned that you are Garden Chairman for Van Nuys Club. Welcome to the group!

I had hoped to have a meeting with garden chairmen, but names are coming in so slowly from the clubs, I think it best to send out material I have as I learn the names of the chairmen. I'm sure you'll gain much incentive from these directives from State and National chairmen.

Also, as your district chairman I stand ready to help in any way I can with programs or study suggestions. Along this line I have prepared three 20-minute talks suitable for garden sections, as I am often asked to speak to our groups. They are:

"Famous Gardens" "Gardens of the White House" and "Beautiful and Dangerous" - (a study of poisonous and medicinal plants).

Do cooperate with your Conservation Chairman, as our aims are the same. This year we will be asked to report the number of trees planted by our club member. Also attend Valley Beautiful meetings, to learn what our Valley needs and what we can do to promote beautification.

Sincerely,

*Air Mc Gowan*
